SERVICE REQUIREMENTS

It is a condition of this Warranty that your Vehicle is maintained in a roadworthy, mechanically sound condition and serviced regularly in accordance with the Manufacturer’s recommendations. It is your responsibility to ensure that servicing is completed in accordance with the Manufacturer’s recommendations. If you are unsure of these, please contact the Manufacturer to ascertain the recommended servicing schedule for your Vehicle.

We would appreciate carrying out any service or repairs and we will retain the Service Records on your behalf. If you arrange for another dealer or Repairer to carry out service or repairs, you are required to maintain the Service Records and these must be retained by you each time the Vehicle is serviced. Any defect or fault or any parts identified as needing repair or replacement or which are identified as a potential problem, including those identified while the Vehicle is still covered by a Statutory Warranty or Manufacturer Warranty, must be rectified as soon as reasonably practicable. Upon becoming aware of the development of any mechanical problem, you or any other person driving the Vehicle must take all necessary steps to minimise any damage that might arise.

We may refuse or reduce a claim where we determine that the Mechanical Breakdown was caused directly as a consequence of you not meeting these service requirements. If you have not maintained regular servicing of your Vehicle, you can elect to:

- Continue with your Warranty, however, claims for Covered Components that result from your failure to maintain regular servicing may not be covered, or
- Cancel this Warranty.

Whilst we may assist with service records, it is your responsibility to keep proof of servicing. Before a claim will be authorised, we will require confirmation of the Service Records. (which either you will hold or, if you have the vehicle repaired or serviced with us, we will maintain on our system).

HOW TO MAKE A CLAIM

Important conditions relating to claims

- Repairs must not commence unless authorised by the Warranty Administrator.
- You may be asked to contribute toward the repair costs if the repairs being performed will restore the Vehicle to a better condition than that immediately prior to the Mechanical Breakdown. In the event that the total cost of repairs or replacement costs for repairs exceeds the Maximum Benefit, you shall be liable for such additional costs. You hereby acknowledge that any additional costs shall be paid directly to the repairer who has undertaken the work and that the repairer may exercise their rights under the repairer's lien until those additional costs are paid. When settling a claim we have the right to take Normal Wear & Tear into consideration.
- You must ensure you take all reasonable steps to protect the Vehicle from further damage.

- There may be some instances where repairs cannot be authorised until the Vehicle has been dismantled. In this case, the Warranty Administrator may need your authority to dismantle the Vehicle for diagnosis prior to commencing repairs. Should the problem be covered by this warranty, the repairs will be authorised. In the instance where the problem is not covered, you will be responsible for all costs associated with dismantling the Vehicle.
- Parts used in repairing your Vehicle may be manufactured by others than the Vehicle's manufacture and will be compatible with the age and condition of your vehicle.

What do I do in relation to a claim?

If an event which may give rise to a claim under this Warranty occurs, then you must:

1. Bring your Vehicle, this document and the Schedule to the Repairer (which could be us); and
2. Provide proof of your Vehicle's Service Records to the Repairer

The Repairer will contact the Warranty Administrator and provide them with a diagnosis of the problem (see the "Warranty Exclusions" section. You may be required to pay for such diagnosis if the claim is found to not be payable under this Warranty), its cause and the estimated cost of parts and labour. If covered, the Warranty Administrator will authorise the claim, supply an authorisation number and approval to commence repairs.

The expense associated with making a claim under this Warranty is not covered by this Warranty. This means that you must bear the expense of making a claim (other than those expressly covered in this Warranty).

Fraudulent claims

In the event of any fraudulent claim or in the event of any damage occurring as a result of a wilful act on your part or with your connivance, there shall be no entitlement to make a claim and the Warranty Administrator may, in our sole and absolute discretion, invalidate any claim and/or this Warranty.

Claim recovery

The Warranty Administrator reserves the right to take action to recover costs incurred where the incident is the responsibility of another party. If this occurs, the Warranty Administrator may take action in your name and you will be required to cooperate and provide any information required.

All displaced parts become the Warranty Administrator's property.

Please refer to "Service Requirements". This Service Record will be required in the event of a claim.

Note: Please ensure your owner's manual (if available) is correctly stamped or service records maintained. Alternatively, you will be required to provide any Service Records that show that the service requirements have been complied with.
